

DEALER VICTIMIZED AT CHICAGO

Hungary Honors Stamp
Day And Trade Unions

Stamps for the celebration of Stamp Day and the 50th Anniversary of the founding of the Board of Trade Unions were released by Hungary on October 17.

The Stamp Day commem was released on the opening day of the Fifth National Hungarian Stamp Exhibition at Budapest and was sold in conjunction with an admission to the show. Face value of the issue is 30 fillers, admission to the exhibition, one forint, making the total cost of the stamp 1.30 forint.

Color chosen was blue. The design depicts a globe girt by a ribbon with the inscription "BELYGENAP 1948" (Stamp Day 1948) in front of which is a flying pigeon carrying a letter in its beak.

A face value of 30 fillers has been fixed for the Trade Union stamp. It had its first day on the opening of the 17th Trade Union Congress. Central design depicts three figures symbolizing the co-operation of the industrial worker, peasants and intellectual workers. The badge of the Board of Trade Unions also appears on the stamp.

Both stamps were designed by Adam Czeglényi. Both were printed by the lattice engraving method at the State Printing Office at Budapest.

International Stamp
Show, London—1950

Collectors all over the world will be interested to hear the good news that the Council of the Royal Philatelic Society are sponsoring an International Stamp Exhibition in London which will be opened on May 6th 1950.

His Majesty The King has signified his interest by graciously granting his patronage. There has not been an International Exhibition of this kind in London since 1923, as the projected Centenary Exhibition for May 1940 had to be abandoned because of the war.

An Executive Committee under the Chairmanship of Sir John Wilson, has been appointed and in order to insure the utmost co-operation from all philatelic interests, the British Philatelic Association has nominated five members to serve on the Executive. Further details will be announced shortly.

In the airmails, the 60c light green and brown, and 1 Sucre dark green and carmine symbolize "Freedom Of Speech", while the 1.50S. green and black, 2S. red and black and the 5S. blue and black symbolize "Freedom From Want". Dispatch From Germany Helps
Clear Present Confusion Anent
Stamps Since Currency Reform

(Editors Note. Many of the collectors of the stamps of Germany are entirely confused with the status of recent German stamps, especially since the currency reform. This situation is somewhat clarified by the following dispatch from Erich Haide, 24a Balje ueber Stade, British Zone, Germany, Mr. Haide is editor and publisher of the "Universal Post" a German stamp magazine written in the English language.)

There has been plenty of philatelic activity in Germany since the currency reform in June, this year. With the new currency there were new issues, graft, a partial lifting of the ban on sending stamps to or from Germany, etc.

A torrent of new issues is therefore coming down over Germany. Three months since the currency reform have brought us no less than 241 new stamps, not to mention countless minor varieties, shades, offsets, inverted surcharges, tete-beches, etc. The division of the country by zonal boundaries, believed for a time to have been overcome as far as philately is concerned, by the issuance of the Control Council series, is a contributing factor as much as ever.

The Russian Zone holds the lead with nine different issues so far. More are expected, according to reports from Berlin. The nine issues contain a total of 103 different new stamps if the first provisional handstamped overprint of which each post office had its own, is taken as one series. The overprint "Sowjetische Besatzungszone" on the last symbolic (Control Council) series was immediately followed by 7 values of the Berlin Bear series with the same overprint.

Next was the posthorn overprint in the western sectors of Berlin, and also used in Bizonia, and not, of course, confined to

the Control Council series but also put on numeral or value, Stephan, dove of peace, and even the Hanover Fair stamps.

After hardly a brief interval there appeared the overprint "Berlin" on 20 values including the dove of peace mark values.

Hardly had the order been completed as there appeared pictures in the papers of a new "regular" (they say "permanent") series showing the heads of famous men. This will be a chance for a little propaganda. Not unlike the Third Reich or the Soviets, they now present the portraits of leading personalities, most of whom are communists: Thaelmann, Bebel, Engels, and Karl Marx have not been overlooked. A few non-political celebrities will furnish a background.

Exchange of stamps between Germany and foreign countries has been legalized under a Military Government, Hamburg, ruling. Stamps may now be sent to or from Germany, provided their value does not exceed one pound sterling (\$4.00). Hitherto, the exportation and importation of stamps had been prohibited.

The Berlin tension produced a situation in which a perfectly (or nearly so) legal black market could undersell the post offices in (Continued on page 15)

Stock Books Containing \$6,000
Worth Of Stamps Removed From
Bourse Table At CPS Exhibition

Visitors to the exhibition of the Chicago Philatelic Society in the Hotel Sherman were served with some unscheduled excitement on the last day, Sunday, October 24 when one of the bourse dealers was victimized. Natalie Rantucci of Philadelphia was the unfortunate person. Rantucci lost \$6,000 worth of stamps in what is alleged to be one of the most brazen attempts at theft in recent exhibition history.

Fast and clever work on the part of detectives of the Chicago police department frustrated the plot when they cunningly baited a trap to snare four men to recover the material. The stamps were contained in several stock books.

The dealer had just begun to set up his bourse table about ten-thirty Sunday morning in preparation for the day's business in the exhibition hall, when Marvin Lustgarten a Chicagoan tapped him on the shoulder.

"There's a long distance call from Philadelphia for you on a phone down the hall," Lustgarten said.

Rantucci, leaving his stock books on the table went to receive the call and discovered that there was no one calling him. When he returned they were missing, but Lustgarten was still there, and Rantucci held him until Detectives Adolph Izanstark and Charles Farrell arrived and arrested him.

Lustgarten protested that "a soldier" asked him to call Rantucci to the telephone.

Soon afterward Rantucci received a call to telephone "Mr. Collins of THE TRIBUNE" about the stamps at a number traced to a tavern on S. Halsted St. Detective Farrell went to the tavern and waited while his partner telephoned and asked for "Mr. Collins."

The caller was told that "Mr. Collins" was not there.

Then Farrell went outside to telephone and his partner, removing his necktie and musing his hair, entered the tavern.

The strategy was successful. When the second call came, "Mr. Collins" answered. After some palaver, he said, "I can't understand," and summoned two other men who alternately took the telephone.

Then Detective Izanstark stepped forward and seized "Mr. Collins" and his linguistic aids.

"Mr. Collins" identified himself, as Leo Zimmerman, 43, of Chicago who said he is a "former stamp collector." The other two seized were Fred Romano, 28, and Michael Tici, 50.

Zimmerman, who admitted he had no connection with THE CHICAGO TRIBUNE, surrendered the stamps he had hidden in his automobile outside. He said he had purchased them from "a soldier" for \$100.

When the quartet appeared in Felony Court on Wednesday, October 27, they were freed of the charges of stealing the \$6,000 worth of stamps. Presiding judge Charles S. Dougherty ruled that the evidence was not sufficient to

hold the four defendants, even though the stamps were recovered from the automobile of one of the defendants, Zimmerman.

"Little White House"
Now National Shrine

The "Little White House" at Warm Springs, Ga. is now a national shrine. It was so dedicated on October 26.

Here it was that the late President Roosevelt came often for rest and treatment—treatment for the infantile paralysis which had left him physically handicapped. It was at this house that he died on April 12, 1945.

While in residence there he conducted the affairs of government so for that reason, and because of its comfortable small size, the house became known as the "Little White House."

A picture of it is to be found on the 2c value of the Roosevelt series.

CPS Exhibition

Awards Are Announced

Winners of the various cups and awards were announced at the banquet held in connection with the annual exhibition of the Chicago Philatelic Society at the Hotel Sherman from October 22 to 24 inclusive. The presentation of the cups and medals was made by Anthony C. Russo.

The Grand Award, the Saul Newbury Cup, was won by Charles F. Meroni for an eight frame display of a collection of 5c and 10c 1847's on cover. The Barkhausen Cup went to Alfred Diamond for an exhibit of 19th Century United States. The Dr. Hennen Cup went to Joseph Godlef who displayed Poland No. 1 on and off cover with rare cancellations.

The best exhibit of covers won the John A. Fox trophy for Dwight B. Ball.

First awards, which consisted of gold medals, were taken by the following exhibitors: Col. O. H. Schrader, Julius P. Steindler, Steve M. Farndell, C. A. Perz, Harold Dermody and Edward Hopps.

Cross 1948". The two stamps in the sheet are imperforate and the denominations are: 5 yen plus 5 yen each, making a total face value of 20 yen to the sheet.

LIECHTENSTEIN: An additional high value is to be issued for the air pioneers commemorative series. It is to be a 10 franc airmail portraying Icarus. The stamp will be issued in miniature sheets of 9 as were the lower denominations.

SPANISH MOROCCO: Anti-T.B. stamps have been issued. Two of them being regular postage and four of them bearing charity surtaxes. Postage values are: 10c red and green bearing a six cornered cross and 25c red and slate, bearing an airplane over a building. The charity are 50c plus and 10c red and purple, showing a horseman; 90c plus 10c red and black, showing a warrior; 2p, 50 plus 50, showing natives and 5p. plus 1p red and blue, showing a plane over a village.

The two stamps which show planes are most likely airmail. It is also interesting to note that on each of the stamps appears the anti-T. B. emblem, but as a double-barred cross would be unpopular with the Moslem population, the bars of the cross are crescents, which are the symbol of Mohammed. We trust that all of the "Ali's and Fatimas" were duly deceived by this stratagem.

MUSCAT: A double overprint has been discovered on the 1 rupee Olympic stamp which is an overprint on the 1 shilling issued for Great Britain. At this writing, only 120 (1 full sheet) have been found.

NICARAGUA: Two new sports issues have been announced for January 1949; these will all be issued in miniature sheets of 4, and only 10,000 complete sets in miniature sheets are to be printed. There is to be one postal tax stamp of 5c. The postage series will consist of a 1c, 2c, 3c, 4c, 5c, 10c, 15c, 25c, 35c, 40c, 60c, 1 cordoba and 2 cordobas. The airmail set will consist of a 1c, 2c, 3c, 4c, 5c, 15c, 25c, 30c, 40c, 75c, 1 cordoba, 2 cordobas, and 5 cordobas. The total face value of the series will be \$3.00 in U. S. funds for both sets. The stamps are being printed by photogravure by Waterloo and Sons, of London, England, and will most likely be bi-colored.

RUSSIA: Nine new sets, totaling about 40 stamps are to be issued by Russia between now and the end of the year. The series honoring the Russian navigator, Simon Dezhnev, who sailed into the Bering Strait in 1648, is the first to be scheduled. Information on the other series will be given here when available.

SWEDEN: Quantities are now available on the proposed printing of the Charity set which is to mark King Gustaf's 50th Anniversary as follows: 10 ore plus 10 ore coil; 2,513,500; 20 ore plus 20 ore coil 3,789,500; 30 ore plus 10 ore coil, 955,800; 10 ore plus 10 ore booklet, 1,692,000; and 20 ore plus 10 ore booklet, 1,422,000.

SWITZERLAND: The recent color changes affecting six values of the 1936-42 set have been overprinted in black in three lines. "Bureau International D'Education."

SYRIA: Overprints on several stamps, both postage and airmail have come to hand. So far we have noted, 0.50 on 0.75 (Scott's type A15) as well as 25p. on 200p. (Scott's type A44). In addition these airmails were also surcharged; 2p. 50 on 3p. and also 2p. on 6p. both of these are Scott's type AP23. Also 25p. on 200p. Scott's type AP25 and 50p. on 300p. as well as 50p. on 500p. Scott's type AP26.

TURKS & CAICOS ISLANDS: A commemorative set from half pence to 10 shilling will appear about the end of the year, to commemorate the 100th anniversary of governmental independence from the Bahamas. Denominations are to be in single colors for the lower values, but in two colors for the higher denominations. More information will be given here when available.

Ecuador Issues Second Anti-Illiteracy Set

October 12, Columbus Day, was the date selected by Ecuador for the release of the Second Illiteracy issue. Originally intended for release in 1947, the stamps bear this date, the set was delayed by various labor, printing and other shortages. The values are identical to the first issue made for this same purpose in 1946, and appear in regular and airmail stamps.

In the regular postage set are the following: 10c red violet, 20c dark brown, 30c green, 50c carmine, 1 Sucre purple and 10S. dark blue. The design is common to all values and depicts the emblem of those engaged in the campaign against illiteracy. Five stamps are found in the airmail part of the issue, a 50c violet, 70c ultramarine, 3S. green, 5S. red and 10S. brown. All stamps have the same design which pictures a teacher with a group of Indians in a mountain village trying to impart knowledge to them. These are all in horizontal format, while those of the regular postage are vertical.

A first day cover with the entire new issue upon it was received from "Estrella", P. O. Box 537, Quito, Ecuador.

THE TRUTH ABOUT STAMPS

Stamps in V. F. to Superb condition have a good resale market, increase in value, and are the stamps that are always in demand. Stamps in poorer condition are hard to sell and have little value. Don't pay good money for stamps worth but little. If you collect stamps, buy the best. If you buy them for investment, it is wise to always buy the best. V. F. to superb stamps are the stamps to own. Buy a firm that sells only V. F. to Superb stamps of FRANCE, GERMANY, BRAZIL, VATICAN CITY and U. S. 20th Century. We are about complete in these countries. Want lists solicited. We sell on a 10 day approval basis upon receipt of proper references. Price lists sent to serious collectors at no charge. Refunds made at any time within 10 days on stamps purchased from us.

VICTORIA STAMP COMPANY
610 Evanston Ave. Indianapolis 20, Ind.

By Carl P. Rueth

Just when I had about decided that perhaps some of the designs of the commemorations weren't so bad after all, and some are really tops, along comes the design for the Turner's stamp. If they don't crack up a few presses before that one is printed in 60 million copies, it's because the presses while terribly old, are not as decrepit as they are aged. Why didn't the designer just take that very attractive emblem of the Turners and give it a simple setting? There's no call for all that symbolism—we all know that the Turners are a fine group of people with commendable ideals.

From ideals, let's go to ideas and questions.

1. In the Scientists series of Famous Americans, the values were 1c, 2c, 3c 5c and 10c. Persons depicted were Dr. Walter Reed, Dr. Crawford Long, John James Audubon, Jane Addams and Luther Burbank. Their birthplaces were Cedarville, Ill., Mandeville, La., Lancaster, Mass., Danielsville, Ga., and Gloucester Co., Va. Tie the persons, values and birthplaces to each other properly.

2. Sometimes, the POD decides to release a stamp at more than one city on the first day. For which stamp regular, commem or air was the greatest number of first day cities named?

Those of you who have been receiving your letters with that nice commem scuffed at the lower right hand corner (attention, Bob Jones of Philly) have been the victims of a reverse roller on an automatic canceling machine. That's what a letter from A. C. LeDuc of St. Petersburg, Fla. states. He took the matter up with his local postmaster after suffering from ruined commemorations. The official explanation is reproduced herewith, written by J. D. Pearce, postmaster there.

ter there.
"Upon receipt of the attached envelope (sample sent by Mr. LeDuc) tests were made of other mail and we found that the torn edges of stamps are caused by the reverse roller in the canceling machine and takes place only when there are bulky contents, the edge of which is always directly under the edge of the stamps, and when the stamps are affixed so they are low on the envelope to be affected by the roller. When the stamps are in line with the canceling impression, they do not come into contact with the roller and the damage does not occur."

Postmaster Pearce suggests that the stamps be placed properly which would mean about 3/4 inch from the outer edges of the envelope. And please don't write in to argue with me on postmaster Pearce's explanation. Check with your local postmaster.

Now that the Lincoln Gettysburg Address stamp is real close some of you are going to start looking for data for the philatelic write-up to go with this stamp in your album. Most of you who studied your United States history where in school know that the speech was not very well thought of at first, and President Lincoln felt that he had failed to deliver a true and sympathetic message to the thousands bereaved by the battle. Of course, we now know much better.

But what do you know about the actual battle of Gettysburg in Pennsylvania? The battlefield of this terrible struggle was later converted into a cemetery and was where Lincoln gave his famous speech. Here are some figures: area of the battlefield 38 sq. miles... 90,000 Union soldiers and 85,000 Confederate soldiers were engaged... 28,000 Confederates were killed, wounded or missing, and 23,000 Union men killed or missing... 10,000 killed outright... 579 tons of ammunition used... battle occurred July 1, 2, 3, 1863. The cemetery founded there contains 24,460 acres of land... 12,296 monuments... 3,654 Union soldiers buried there of which 1,608 are unknown soldiers.

After a stamp is authorized, asks William Bellerjeau of Plainfield, N. J., is there more than one design submitted before a decision is made?

In most cases yes, and where one only is submitted, it is usually reworked somewhat. This year has been rather hard on the Bureau of Engraving and Printing artists for a number of this year's commemorations were "put together" by vote-seeking congressmen and their "interested parties" without any apparent feeling for design, color or motif.

Max G. Juhl in his two volume, "Commemorative Stamps of the Twentieth Century" displays many of these designs. Where a submitted design is not the accepted one, it is known as an essay. Such essays for the current commemorations are displayed in the "BIA Specialist" a short time after each new issue. It is the official organ of the Bureau Issues Association.

Here are five more towns which affix postmaster's cachets to the covers of collectors; note the Thanksgiving Day influence: Grouse, Idaho; Turkey, Arkansas; Wing, Illinois; Grubbs, Delaware and Deer Run, W. Virginia. These come through the courtesy of Philip Rosenblatt of Brooklyn, and Nick Vrettos of Chicago.

To get these cachets do as follows. Prepare each cover with the name and the address to which it is to be sent so placed that the left half of the envelope is clear. Add a light sticker to each. Payment by cash or postal note is to be made to the postmaster of the post office at which you are requesting a cachet. Enclose the covers and the payment in an outer envelope addressed to the postmaster of the office whose cachet you want. A short note explaining what you want is desirable.

To get the cachets from all five places, you will have to go through the above for each of the

Time For A New Set

Since 1851 we can trace back over our stamp designs and discover that a new set of stamps or a new design has been coming up about every ten or twelve years. Perhaps the ten year cycle is about as close as we can get to being right on the subject.

Let us look the issues over. The issue of 1851 except for adding perforating to the imperforate stamps was in use until the new issue of

GEO. LINN

1861. This was in use with some alterations, additions and some experimental work in the Grilles until about 1870. The 1869 set got in there before the change to the 1870 series, but seems to have been either intended as a short issue or was unpopular and was discontinued. Anyhow in 1870 we got the Bank Note issues which were in general use with some changes of printers and other things until in the 80's when numerous changes of design and color were made in some values, due to various reasons among which was a 2c postal rate for first class mail and some changes for foreign postage. This issue struggled through to 1890 and was the longest lived of any of the various issues or designs up to this period. In 1890 we had a new issue, stamps of a smaller size and with changes of design and changes of paper and printers this issue was in use up to practically 1902. It should be noted that during many periods there were commemorative issues but these were merely supplementary and did not supplant the regular issues in use during such periods. In 1902 we had another new issue which ran up to about 1908, perhaps the shortest period of any of the standard sets.

With 1908 we got the issue which continued in use for a period of about 14 years, the designs being altered from time to time and much experimental work being done in perforating, coils, booklets and in other manners that gave us a wide range of variety through this period.

Next came the issue of 1922 and this too ran for a considerable period of time or up to 1938. The 1902 issue is also over a period where the greatest change is in the perforation and it seems that we are still holding to the final perforation which was finally adopted for this issue.

We now have the Presidential series put into use in 1938 and now in use a full ten years. No changes or alterations have been made in this set and altho the heavy burden of work at the Bureau in Washington has made it necessary to temporarily discontinue the issue of some values for a period of time, we are not yet advised as to whether these various stamps will be reissued again or whether as has been rumored at times, an entirely new set is in preparation. It has always seemed a rather ridiculous and foolish thing that this set was issued in all values from 1c to 22c without missing a value. It should be apparent to anyone that the main reason for this was to find a spot for each of the different presidents and probably for no other reason.

Anyhow the set has outlived its usefulness and attraction and it is time for a new set. In the past, it was rumored at times that a pictorial issue would be put into use and we believe such an issue would be popular.

While this is yet several days before the election as we write this copy, it seems apparent that Governor Dewey will be elected. We believe that one of the first things he should look after is a new set of stamps for general use. Certainly if our Bureau at Washington can produce 25 or 30 commemorative stamps in a year's time, we can get out the proposed new set and the usual cycle of ten years for our regular sets has run its course, so let us have a new set now.

Valuable Material Offered For Prizes

In every collectors life comes the time when he or she has wished that they had five or ten dollars at hand to purchase some stamps which have struck their fancy. Prize No. 23a in the big Philatelic Terms Contest appearing in this paper each week, goes five dollars better than that. It is a fifteen dollar letter of credit.

The prize was furnished through the courtesy of L. H. McQuestion, 185 Puritan Ave., Highland Park 3, Mich. Mr. McQuestion will allow \$15.00 worth of credit on any of the material which he has in stock. He specializes in United States plate number blocks and stamps of the British Empire. Collectors interested in this type of popular material would do well to check with him on their needs.

Probably all readers are familiar with the beautiful so-called title pages which have been available through the firm of K. Bileski of Winnipeg, Canada. Originally intended as title pages for various sections of stamp albums, their beauty and fine workmanship attracted non-collectors who bought them for framing and use in their homes. The pages are the work of the well known miniaturist, Arthur Szyk.

Seven of the pages have been released to date. There will be ten sets of the seven pages awarded to the ten winners of the prizes from No. 44 to No. 53 inclusive. Besides the album pages, Mr. Bileski carries a fine general stock of stamps from all the world. He frequently makes interesting offers of stamps and material which would come in the category of "good buys." Those on his mailing list are the first to receive the notice of such offers.

A collector of mint airmails, or any collector for that matter should be pleased to win prize No. 62. It consists of a mint set of the Danzig airmail stamps of 1924, six in all, with a retail value of \$7.50. It has been offered through the Cosmopolitan Stamp Co., 1457 Broadway, New York City.

The Cosmopolitan company carries a fine general stock of stamps from all the world together with United States and foreign new issues. The firm is also interested in making offers on the purchase of collections or accumulations of stamps. A short note of inquiry about their offers or services to the above address will merit a prompt reply.

Some collectors now wish that they had made a collection of war covers at the time that they were current and easy to get. There still remains the opportunity of getting a fairly comprehensive set of them by winning the 89th prize of the Terms contest.

The prize consists of 34 war covers, properly cacheted and canceled, supplied by that well known cover dealer, H. "Cap" Fluegel, Blandensburg, Md. Fluegel First Day and Special events covers are well known among the cover fans. Cover collectors who have never seen a Fluegel cover, or experienced the Fluegel service might want to sample it. A request directed to Mr. Fluegel at the above address will get this.

No doubt about it, the prizes offered in the Philatelic Terms Contest are far above the 5c and 10c store variety. All of them have a nice dollar value, and certainly a decided appeal to all stamp and cover collectors.

The requirements for entering the contest are simple enough. They are to be found on the contest page in this issue. If some of the pictures have been missed, it will be possible to get them at the end of the series of twenty pictures when the full twenty will be mailed to those wanting them.

Announce Release Of Bi-Lingual Dictionary

A German-English Dictionary will be put on the market in time for Christmas by Erich Haide, (24a) Balje ueber Stade, British Zone, Germany. Mr. Haide started early this year bringing out philatelic booklets in the English language. He particularly had in mind those collectors in the United States and the British Empire who are interested in the stamps of Germany.

Mr. Haide will accept orders now for the dictionary; the sooner they are sent, the more apt they are to be free of the Christmas mail rush. Cost of the dictionary will be \$1.00 worth of mint United States commemoratives in nice condition. Those who have read Mr. Haide's "Check To The Forgers," or his publication, "Universal Post" will have an idea of the quality of the material he produces.

"Airpex" Seals, Cachets Ready For Collectors

The beautiful Edgewater Beach Hotel on the shores of Lake Michigan in Chicago will be the scene of the 1948 Jack Knight "Airpex". The AIRPEX will feature a highly selected invitation exhibition of members, Annual Meeting of the Society, a Benefit Auction, and a program commemorating the 30th Anniversary of the U. S. Air Mail Service.

Guest speaker at the annual dinner will be Capt. Ben Lipsner, First Superintendent of the Air Mail Service. Captain Lipsner will exhibit many of his Pioneer souvenirs and pieces of the early airman's equipment from the muslim and wire days of open cockpit mail flying.

All exhibits will be housed in the Berwyn Room and open to the public at no admission charge between 1 PM and 8 PM.

The 1948 AIRPEX seals are ready for collectors. This year's sheet is an aero philately novelty in the form of a silver overprint on the red and blue barber pole "30th Anniversary Air Mail 1918-1948" commemorative air mail envelope of the "Air Transport Association" of the United States certified airlines. The seals are 5 for 25c postpaid.

All orders received on or before November 13, 1948, will be mailed out to the purchasers by AIR MAIL in a special cacheted cover and with extraordinary philatelic cancellation. Address all orders to Earl H. Wellman, Brookfield, Illinois.

PROVISIONAL PRECANCELS.

The precancel collector who is not in contact with other collectors and tries to collect on his own will unwittingly save some of the provisional precancels. He should not be condemned for this as some of them are very confusing and the best of us often have one or two sticking around in our collections.

A definition and explanation of a provisional precancel would be well made at this time. A provisional is a cancellation that has actually been used to precancel but was not made nor intended for that purpose. Always it has been used as a regular post-cancelling device and there then, is the thing that bars that type of cancellation from being recognized and from being listed in the catalogs.

There has to be a dividing line somewhere. Most of the provisionals have some sort of a different appearance that gives the collector a hint that the cancellation might not be a true precancel. One type of provisional that was very confusing was one that fit the stamp exactly but it did have a connecting vertical line between the upper and lower horizontal bars.

Another type in use now that should not be confusing is a roller that has wavy lines with the town name in one long line which takes often three stamps to cover. Two cities in Ohio have been using this type. Lancaster and New Comers-town. So just the fact that the cancellation does not run off on the cover does not always denote precancellation, or I should better say that the stamps are recognized precancels.

To those of you who have some precancels that you think are doubtful I suggest you save them just the same till you contact someone who can definitely identify them. I know of one collector who started making a collection of them. This is quite comparable to the collector who saves only the stamps that are NOT listed in Scotts. There are some who do you know.

Installation Dinner Held By Missourians

When the tables were cleared of the remains of an excellent dinner, and the ballots were tallied at the Installation Party of the Greater St. Louis Stamp Club, all agreed that they had been well fed and that they had voted themselves some fine new officers.

An annual event for mid-October, the 38 members present were augmented by other collectors from the St. Louis area. Installation of the officers was made by John D. Pope III.

New president is Charles A. Gerhardt, the vice-presidents are C. D. Mitchell and Miss Catherine B. Klug, recording secretary, Kenneth W. Lucas, treasurer, Dr. L. E. Stilwell and corresponding secretary, Mrs. Leonora H. Ouzts, 3651 Botanical Ave., St. Louis, Mo.

The club meets the first and third Fridays at the South Side YMCA, 2232 S. Grand Ave. Visitors are always welcome to attend.

More Famous People On Hungarian Stamps

Once again, on October 16 Hungary has issued a series of ten stamps which pay tribute to some of the famous personages of the past. The present stamps honor Famous Men of Literature, where a previous issue gave recognition to Inventors and Discoverers.

While the actual face value of the stamps is about 1.18 forint, the Hungarian government has decreed that an additional 50% charge will be placed on the stamps when they are sold to the public. This surtax will finance the hospital for postal employees.

Shakespeare and a scene from Romeo and Juliet are depicted on a 1 filler blue. The 2f. denomination in red carries the portrait of Voltaire, the great French patriot, and a scene showing the capture of the Bastille. The devil, Mephisto, is shown consulting with Faust in a scene from an opera of the same name, as well as the opera's author, Goethe, on a 4f. green stamp.

Lilac was chosen as the color for the 5f. which depicts the poet Byron, and a scene from one of his most outstanding works, the wreck of the Don Juan. Moviegoers will recognize the scene depicted on the 6f. greenish blue stamp as one from the picture, "The Hunchback of Notre Dame," in which the hunchback, Quasimodo rescues Esmeralda from the executioner. It is from the story, "Notre Dame du Paris" by Victor Hugo, who is shown on the stamp also.

Edgar Allen Poe, & a scene from his famous poem, "The Raven" are the subject of the 8f. olive green, while Hungary's own great poet, Alexander Petofi, is depicted with a passage from his noted fairy tale, "Janos Vitez", on the 10f. orange. The second American to appear in the series is Mark Twain (Samuel Clemens) on the 12f. violet which also illustrates a scene from Twain's "Beggars and Prince".

Leo Tolstoy, the world famous Russian novelist, and a scene from his novel, "War and Peace" are depicted on a 30f. brown. The high value is a 40f. gray stamp carrying the portrait of Maxim Gorky and a passage from his novel, "The Mother".

Half Billion Deficit
Possible By June '49

In an address before the 45th Annual Convention of the National Association of Postmasters on October 18 in New York City, Postmaster General Donaldson stated that he expected the Post Office Department to have a half billion dollar deficit by next June. June 1949 is the end of the Federal fiscal year.

Mr. Donaldson laid the blame for this tremendous amount of red ink on the department's ledgers to a lax Congress which he brought out did not provide the legislation for postal rates to cover increased expenses. While

he declared that he meant no undue criticism of Congress with that statement, he qualified it with, "I don't want Congress to kick me around for a deficit when I can do nothing about it."

YOUNGSTERS HAVE NICE VISIT—Just recently, Jacques Minkus, manager of Gimbels Stamp Department was host to a group of stamp collecting juniors under the charge of their teacher, Miss Margaret A. Digney. After a very enlightening trip through the stamp store, the group was given a lecture on the early history of postage stamps, which was followed by a quiz session, the winners of which were awarded prizes by Mr. Minkus. Miss Digney stated that her class has a project lined up of learning history through the medium of postage stamps.

Symbolism Of Turner Cachet Is Explained

An explanation of the symbolism embodied in the official cachet sponsored by the American Turners for the covers of collectors on the occasion of the first day of the Turner stamp issue on November 20 is given. It has been prepared by Heinz Hoffmann 15735 Vaughan Ave., Detroit 23, Mich., general chairman of the cachet and cover committee.

The American Turner cachet is a composition of symbolic designs showing the work of the American Turners in the physical, educational, cultural, social and military fields. The upper center design is a reproduction of the original Greek model of an athlete about to throw a discus.

FIRST DAY OF ISSUE
AMERICAN TURNERS
100th ANNIVERSARY
SOUND MIND SOUND BODY
100 COLLEGE STUDENTS

which was published by Myron of the Vatican in Rome, Italy.
This design was adopted as a national emblem by the American Turners.
Crossed behind the emblem are two foils and fencing masks at the lower ends. The shield with a picture of a college student denotes the cultural and educational programs of the organization.
The emblem and the shield are embellished with two branches of leaves. The oak branch at the left stands for age and the laurel branch at the right for honor, which is always in the mind of a Turner, not only in competition but also in daily life.

The pipes of Pan, below the oak branch, flute and horn, symbolize the musical and dramatic activities of the Turners. Physical education is shown by a Turner making a handstand on a parallel bar.
The symbols below the laurel branch, horn tambourine and the emblem of jester for the Prince of Carnival, signify social activities of the Turners.
The patriotic foundation of the organization and the willingness of the Turners to fight for freedom is indicated by a relic drum of the 8th battalion of President Lincoln's Turner Bodyguard in Washington, D. C.

The cachet was designed by Alvin R. Meissner, former chief designer at the Bureau of Engraving and Printing, who also designed the American Turner stamp, which will be issued November 20th at Cincinnati, Ohio.

Burglary In New York City Nets \$10,000

Burglars entered the firm of Spencer Anderson on the night of October 21 and stole a quantity of material from his stock estimated as being worth in the neighborhood of \$10,000. All of it was United States issues.

Included among the items stolen was a stock of mint stamps between the Scott numbers of 230 to 688; 32 sets of Kansas-Nebraska's; a large stock of the 1922 flat plate issues with No. 573, the \$5 value in centerline blocks; the offset imperfs; 50 blocks of No. 368; block of 16 of No. 373; 20 White Plains Souvenir Sheets; pane of No. 557 with PMG Works signature on the left margin; 10 sheets of No. 644; 5 sheets of No. 649; 4 sheets of No. 650, and a quantity of Famous American Plate No. blocks.

Dealers or collectors who might be offered any material which they have reason to suspect is from this lot should notify Peter G. Keller, 65 Nassau St., New York 7, N. Y. or detective Frank Whalen of the New York Police Department. Mr. Keller is executive officer of the American Stamp Dealers Association.

Use Found For Old Postage Stamps

Maybe stamps improve by maturing—or maybe people just forget to go to the post office while it is open and have to raid personal stamp collections later.

The registrar's office at the University of Western Ontario at London, Ontario, Canada, received a post card bearing a King Edward the Seventh red two-cent stamp as part of the postage. It probably is about 38 years old, since King Edward the Seventh died in 1910.

But someone else went one better than that. The department got a letter bearing a stamp of Queen Victoria's reign, about 50 years old.

In both cases the stamps were passed by the post office. They are still legal postage.

LINN'S WEEKLY STAMP NEWS AND AMERICA'S LEADING STAMP DEALERS

See complete list of prizes below, with description, value and name of the wide-awake dealer cooperators who have helped make this great contest possible.

How To Enter The Contest

Any stamp collector other than employees of Linn's Weekly Stamp News or members of their families are eligible to enter. It is not necessary that you are a subscriber to this paper in order to enter. In order to enter you must request at that time, one of these Contest Entry Blanks which may be obtained only from our office. To obtain one of these blanks you are required to send us one new subscription for one year at the full subscription price. If you are not now a subscriber to Linn's Weekly Stamp News, you may send your own subscription. Where subscriptions are sent us in order to obtain the Official Contest Entry Blank, you must request that the blank be sent you and at the same time you must enclose with your request a stamped and addressed envelope for mailing the blank to you. It is unnecessary that you cut the pictures from the paper and send them to us. This is usually a provision in similar contests but we recognize the fact that a great many readers would not wish to cut up and destroy their papers so we have adopted the plan of using the Official Contest Entry Blank to simplify the whole matter.

The first picture in the contest is in our issue of September 6, and one will appear each week for twenty weeks, making the last picture on January 17th. For the benefit of anyone who has failed to obtain or see copies of any of the pictures we have had printed a supply of all of the 20 different pictures. The set of twenty different pictures will not be available for distribution until January 15th. Orders for these twenty pictures at a price of 10c for the set postpaid will be accepted at any time, but none will be mailed until January 15th which will be about the date of publication of the final picture, thus you will have a period of about 30 days after publication of the final picture to prepare your answers, fill out your contest blanks and get them to our office.

The contest blanks have twenty numbered lines on them and each picture in the contest will bear a number, so that you are only required to write your answer to each picture on the numbered line corresponding with the number of the picture. Then sign your full name and address in a legible manner at the foot of the contest blank. Then on the back of the blank answer the question which is asked there, or rather complete the statement, part of which is printed on the back of the blank. Then mail the completed form back to our office. It will reach us not later than February 15th, 1949. Any answers received after the 15th will not be considered or accepted.

How To Get Contest Blanks

Official Contest Entry Blanks are given free to any reader who sends us one NEW Subscription at the current rate of \$1.00 per year in the United States. If you are not now a subscriber, your own subscription will be accepted. However when you send us a subscription you must request at that time, one of these Contest Entry Blanks and at the same time send us a stamped and addressed envelope for mailing the blank to you. If you send us a subscription at one time and ask for a blank at a later date because of such subscription sent us, we will not provide the blank, the blanks must be requested at time subscription is sent.

Anyone may send as many subscriptions and make as many different entries of contest blanks as they choose so if you are in doubt about some of your answers and want to try others, you are able to do so, getting one blank for each NEW subscription sent us.

One or more prizes may be won by any contestant, so send in as many entries as you wish to submit. The judging will be done first by the staff of Linn's Weekly, after which the best answers will be placed in the hands of an impartial group of three prominent local business men, in no way associated with stamps or with our publication and they will make any final decisions in cases of a tie.

The complete list of answers will be published in our issue of February 21st. List of the winners of all prizes will be published in full, as soon after the close of the contest as possible.

The complete list of answers are typed and sealed in our Safe Deposit Box. Answers will be judged only by this list, word for word as written so be careful, use only necessary words as answers to be fully correct must be exact words as we have prepared them. Letter A is a word.

Catholic Education Meet Commemorated

Collectors who thrive on collecting religious subjects on stamps have an entirely new issue from Bolivia of such a nature. It was released on the occasion of the Third Inter-American Catholic Education Congress held in that country recently. First day of issue was September 27, the set consisting of five regular postage and four airmail stamps.

In the following description of the stamps, the first color given is that of the vignette, the second for the frame or decorative border. The city of La Paz, and the famous "Christ of the Andes" appears on the Bs. 1.40 blue and yellow regular, and the Bs. 2.50 airmail in brown orange and yellow. A Bs. 2 green and salmon, regular and a Bs. 3.70 airmail in rose and buff depict a man praying at a mountain wayside shrine.

The Bs. 3 green and light blue regular, and the Bs. 4 violet and gray airmail depicts the priest Don Bosco with two children; a Bs. 5 in henna brown and light blue regular, and a Bs. 4 airmail in blue and buff depict two women with offerings before the shrine of the Blessed Mother; and a Bs. 5 in henna brown and light blue regular and an airmail in ultramarine and green of Bs. 13.60 picture the Pope extending a blessing over the building in which the congress was housed.

These stamps were supplied on a first day cover through the courtesy of the Old Quarter Stamp Shop, New Orleans, La.
